

State vs. Vikram etc.

CNR no. HRFB030002522018

UID HR-0421

Present. Sh. Amit Siwach APP For State.

Sh. VS Badgujjar Adv. for accused/applicants.

Main file has been received from record room on an application moved by the accused for rectification of name of their village in judgment dated 20.12.2014 on the premise that instead of village Raipur Kalan they were shown as residents of village as Rampur in the judgment.

Heard.

Scrutiny of main case file shows that the accused persons were acquitted by affording benefit of doubt by my learned Predecessor vide judgment dated 20.12.2014 and they were shown residents of village Rampur. However scrutiny of final police report and accompanying documents clearly show that they are residents of village Raipur Kalan, PS Chhainsa Distt. Faridabad. It is further appreciated that village Raipur has been written by IO in such a manner that it looks likes as Rampur and I am of the view that due to this reason, the mistake while mentioning name of village happened.

The said mistake is purely typographical and clerical in nature as it is clear from the case file that applicants/accused are residents of village Raipur Kalan PS Chhainsa Distt. Faridabad. For the clerical lapse of the Court, the accused cannot be made to suffer unnecessarily. Therefore by exercising the inherent powers of the Court, the application in hand is allowed. Necessary correction is to be made in the title page of judgment dated 20.12.2014 by rectifying the name of village of accused as Raipur Kalan instead of village Rampur, by making a footnote on the judgment, in this regard.

The application stands disposed of accordingly and it alongwith order be tagged with main file and same be consigned to record room after due compliance.

Announced in open Court
