

ORDER BELOW EXHIBIT NO.1
(Passed on this 04th September 2018)

1. The present application is filed for seeking necessary order of the court under section 13(3) of the Registration of Birth and Death Act 1969.

2. In brief the applicant states as under:-

That the applicant Vishwanath Bandappa Allishe has filed present application to register birth of his son namely Nagesh Wishwanth Allishe who begotten on 25-07-1992 at Mauje Ashta-Kasar,Tq. Lohara, District Osmanabad. However,after his birth the Grampanchayat office Mauje Ashta Kasar did not take the entry of his birth. He has further contended that the information was duly given to the Grampanchayat Office Mauje Ashta-Kasar. In spite of that the entry in that regard was not taken.

3. In order to prove the contentions made in the application the applicant has called objection from public at large through publication dt.03-01-2018 at Grampanchayat Office Ashta-Kasar. However, no body raised objections in that regard. Similarly the applicant has placed on record the list of document below Exh.4 containing; the certified copy of certificate issued by Grampanchayat office Mauje Ashta-Kasar stating that the entry of birth has not been taken, the verified copy of Adhar-Card which bears the name of applicant. Similarly the applicant has placed on record his evidence affidavit below Exh.6. On perusal of it can be inferred that the entry regarding birth of applicant's son is not taken in the relevant register.

4. I carefully perused sections 8 to 13 of the Act. Section 13 of the Act says that,if the entry regarding death of birth could not be taken within one year then,same can only be taken by order of Magistrate. A Magistrate is expected to verify the correctness of birth and pass the

appropriate order. In the given case documents on record evidently shows that the applicant's son is born on 25-07-1992. Hence a suitable directions can be given to taken necessary entry in that regard,as the same is not yet taken. Accordingly I pass the following order.

Order
