

LegalKart Causelist Architecture for High Courts

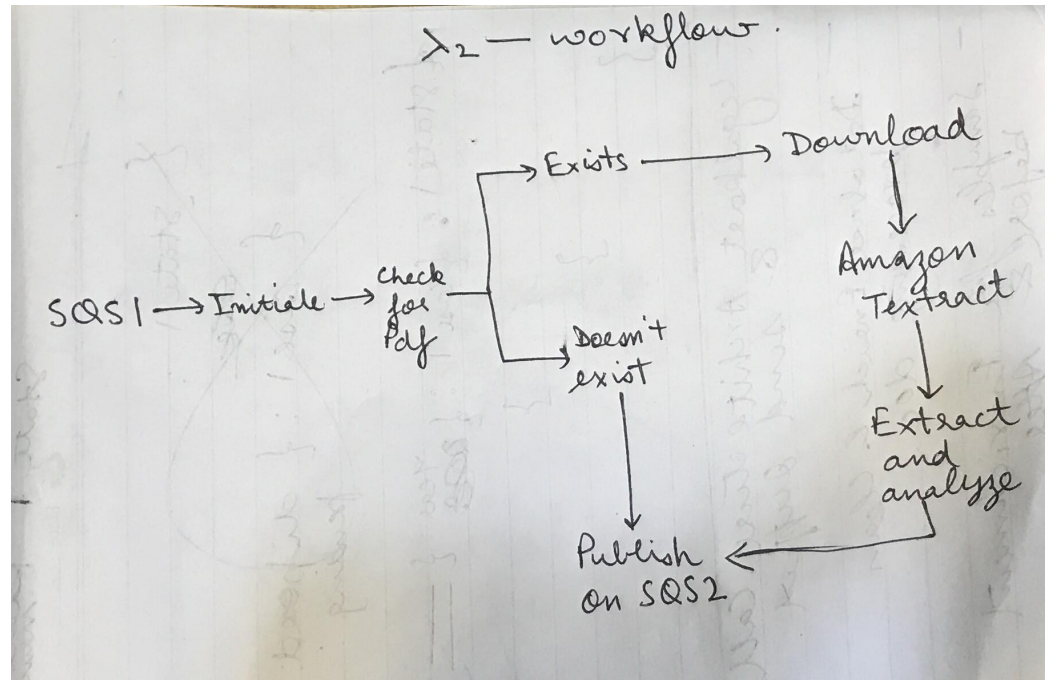

Database - Table Structure

High Court Name Last input - Date Status Cause List Present - T/F Cases Present - List Timestamp of checking

High Level Architecture

Lambda 2 - Workflow

Next Steps -

1. Discuss Causelist contents of importance with Arvind and Parth
2. Finalise workflow
3. Start working on OCR and Pdf files (Started with Amazon Textract. Looks good, we will decide on the basis of the content of causelist that is important)
