DLS - Login Page

A hand-drawn sketch of a mobile login page interface. The page is enclosed in a rounded rectangle representing a mobile screen. At the top center, there is a small circle and a horizontal line, likely representing a status bar or a camera notch. Below this, on the left side, is a circular placeholder labeled "Logo". In the center, there are two rectangular input fields. The first field is labeled "Email". The second field is labeled "Password" and has a small circle with an '@' symbol to its right. Below the password field, the text "Forgot Password" is written and underlined. Further down, there is a large rectangular button labeled "Login". At the bottom of the page, the text "Don't have an acc? SignUp" is written, with "SignUp" underlined. At the very bottom center of the screen, there is a large oval shape representing a home button.

Walkaround

Page - 5

The sketch depicts a mobile application interface for a 'Walkaround' feature. At the top, there is a header bar with a hamburger menu icon on the left, the title 'Walkaround' in the center, and a lock icon on the right. Below the header, a form contains three input fields labeled 'Report Title:', 'Barge Name:', and 'Client', each followed by the text 'Test'. Underneath these fields are four buttons: 'Edit', 'Download', 'Copy', and 'Delete'. The 'Delete' button is crossed out with a diagonal line. Below the buttons is another form with three input fields labeled 'R.T:', 'B.N:', and 'C.', each followed by a horizontal line. At the bottom of the screen is a large rectangular area with a question mark in the center and a circular button with a plus sign in the bottom right corner. The entire interface is enclosed in a rounded rectangle representing a mobile device, with a home button at the very bottom.

The sketch depicts a mobile application screen with a header bar, a list item, and three input fields. The header bar contains a hamburger menu icon on the left, the text 'Walkaround Add' in the center, and a dollar sign icon on the right. Below the header is a list item with a circular icon containing a crossed-out '1' on the left and a circular icon containing the number '2' on the right. An arrow points from the word 'Active' to the first icon. Below the list item are three input fields labeled 'Report Title:', 'Survey Date:', and 'Barge Name'. At the bottom right of the screen is a button labeled 'Save & Next'. The entire interface is enclosed in a rounded rectangle representing a mobile device, with a home indicator at the very bottom.

Employee

Page - 88

The diagram illustrates a mobile application interface for managing employees. It is enclosed in a rounded rectangle representing a phone screen, with a small circle at the top center and a larger circle at the bottom center.

Header Section: A horizontal bar contains a hamburger menu icon (three horizontal lines) on the left, the word "Employee" in the center, and a bell icon (notification) on the right.

Form Section: Below the header is a rectangular box containing input fields for employee details, each followed by a horizontal line for text entry:

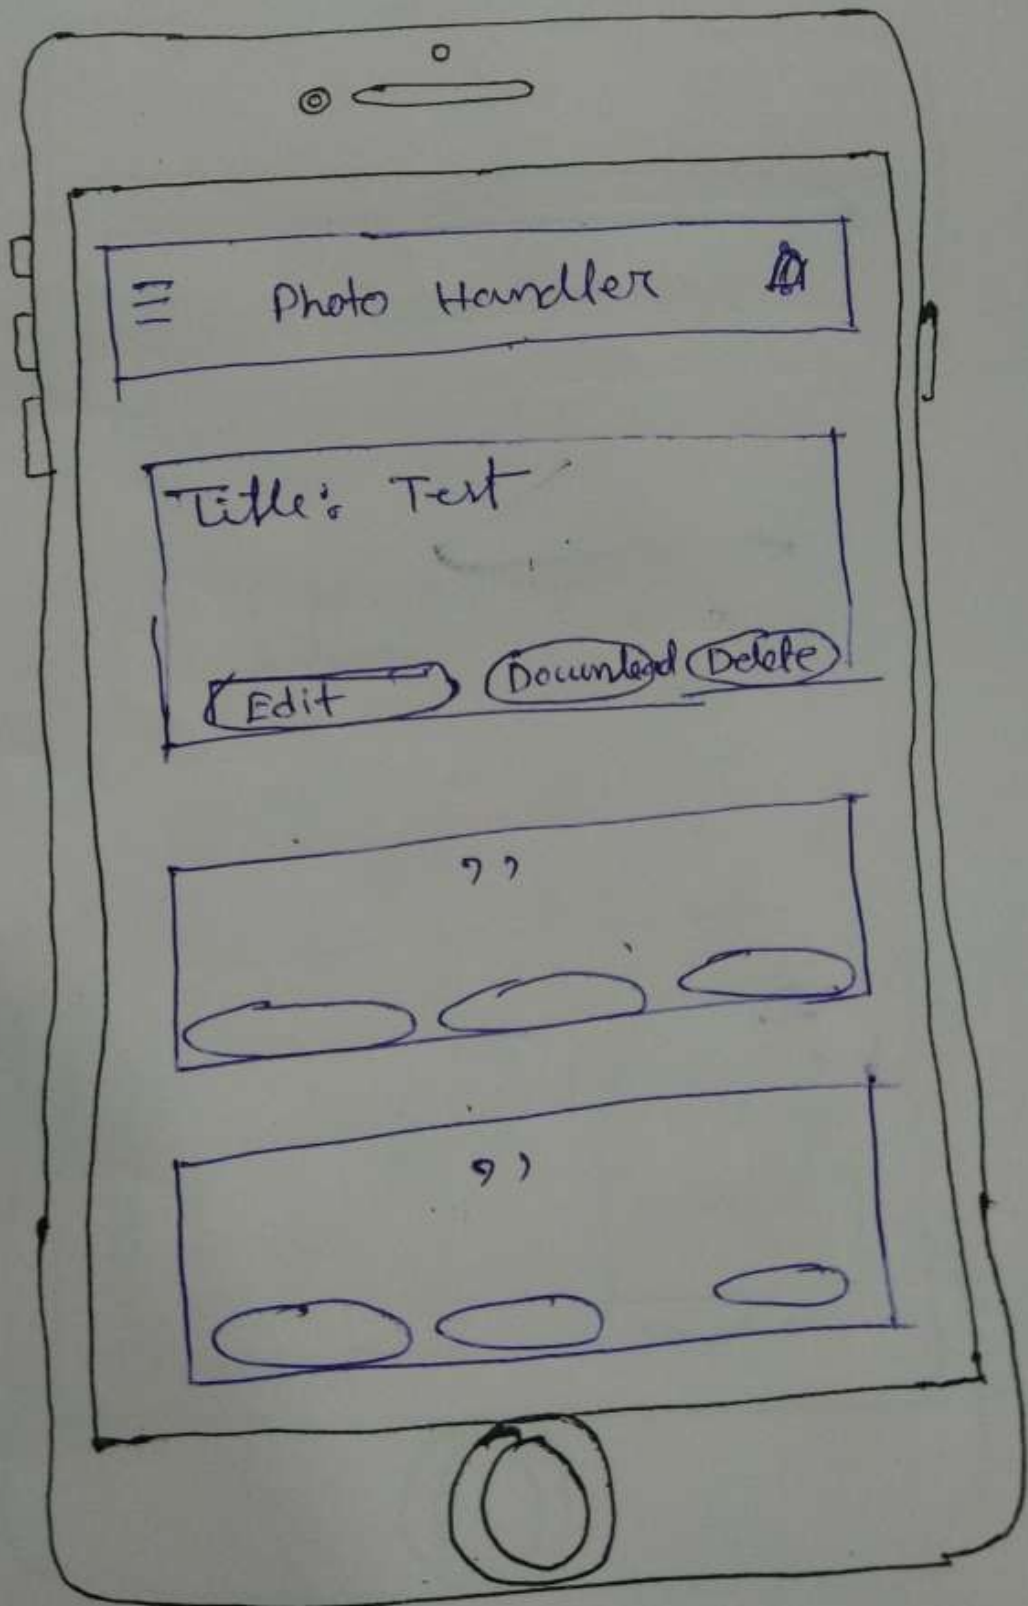

- First name:
- L. Name:
- Email:
- M. NO:
- Role:

At the bottom of this form box are two oval buttons labeled "Edit" and "Delete".

Table Section: Below the form are two empty rectangular boxes, each containing a single double quote (") in the center, representing a table with one column and one row.
